

JustDinner™ App Launches to Transform Social Dining

JustDinner™, a game-changing social dining app is redefining how people connect over meals. Designed to foster meaningful conversations without romantic expectations, JustDinner streamlines the experience with, “**5 clicks to dinner™**” bringing Hosts and Guests together for effortless, no-pressure dining experiences.

Hosts & Guests: A Unique Approach to Social Dining

Unlike traditional relationship apps, JustDinner introduces a dynamic **Host-Guest system**:

- **Hosts** browse and invite Guests to dinner.
- **Guests** set their availability, select their favorite restaurants, and can “**wave**” at **Hosts** to signal interest helping Hosts find an eager dining companion.

How JustDinner Works; “5 Clicks to Dinner”™

1. **Sign Up & Set Up Your Profile** – Quick and easy setup in under two minutes.
2. **Guests Wave, Hosts Invite** – Guests can “wave” at Hosts to express interest, while Hosts browse and send invites.
3. **Pick a Guest’s Favorite Restaurant** – Hosts select from a Guest’s preset **favorite dining spots**, ensuring a comfortable and enjoyable meal.
4. **Set a Date, Time & Ride Share Option (Uber)** – Scheduling is seamless, with Guests providing their availability. **Hosts can also arrange a rideshare** via Uber for themselves or their Guests.
5. **Confirm & Enjoy a No-Date Dinner Date** – The Guest accepts, and both parties meet for a stress-free dining experience.

Beyond Traditional Socializing

“JustDinner is built for those who enjoy **meeting new people without the pressure of dating**,” said Joe Philips, Founder of JustDinner. “Our app lets people connect over **shared meals, great restaurants, and genuine conversations without any hidden expectations.**”

What Makes JustDinner the “Go-to” relationship App?

- ✓ **No Romantic Expectations** – Enjoy a meal and conversation, no strings attached.
- ✓ **Professional networking at its finest** – use to find business working opportunities.
- ✓ **The “Wave” Feature** – Guests can subtly prompt Hosts to send them an invite.
- ✓ **Personalized Dining** – *Hosts* choose from a *Guest’s* preselected **favorite restaurants** for a tailored experience.
- ✓ **Your Alignment Score** – Members are ranked against one another for how compatible they are aligned to each other. Optimizing the dinner experience.
- ✓ **Rideshare Integration** – Hosts can arrange transportation for themselves or their Guest, making the meet up even easier via Uber.
